

Locker Rental

Lockers for students in Years 7-11 are available to rent over the summer break for the forthcoming academic year. We will notify you through EduLink when the Lockers are available to book. Please note lockers may be available for new starters throughout the academic year, subject to availability.

All lockers are booked online at <https://www.locker.rentals/>. You can start your booking by entering 'Keswick School' in the 'Start by Finding Your School' search box.

It is important that when booking a locker you book one in the correct year group and by the gender of your child. Please be aware that whilst we are able to rectify mistakes of any lockers booked in error, it may not be possible to use the wrong locker whilst waiting to be re-allocated a new one.

Please note that lockers for Students in Years 12 and 13 will be arranged through the Sixth Form.

Pupil Premium Locker Rental

If your child is eligible to access Pupil Premium funding, school can order and pay for a locker. Separate communication will be sent out regarding this over the summer break.

Your child will receive the locker number and code in form time on their first day in school. You do not need to fill any details in on the locker company site. If you pay for a locker with the company, we are unable to refund the payment.
