Data processing includes the collection, use, and storage of data.

The categories of pupil and related information that we process include:

- personal identifiers like name, address, unique pupil number, and contact details.

Why we collect and use this information

The personal data we collect is essential for the school to fulfil official functions and meet legal requirements and we use it to:

- a) support learning,
- b) monitor and report on pupil attainment progress,
- c) provide appropriate pastoral care,
- d) assess the quality of what we do,
- e) keep children safe e.g., food allergies, emergency contact details, CCTV,

- g) celebrate or promote school, for scientific interest, or to record our own school history.
- h) to control access to site e.g. biometric controlled doors.

Under UK GDPR, the lawful bases we rely on for processing personal information about pupils are:

- to perform a public task i.e., to provide education (mainly reasons a, b, c, and d above).
- to protect vital interests (and sometimes carry out a contract too) e.g., to provide **safe** meals, trips, transport, uniform, professional photos, childcare (mainly reasons a, and e above)..
- to comply with the law (mainly reasons b, and f above) e.g., recording attendance, publishing results, recording the census (see Sharing with the DfE below), data sharing with child protection partners like social care, the NHS, and the Local Authority etc. (see sharing with the DfE below for legislation).
- having consent (mainly reason g above, and to process ethnicity data) e.g., use images or names publicly.

When we process special category data like medical information or biometrics, we need to have one lawful basis from the list above *and one* of the following list:

- to prevent medical problems, assess needs, and provide services (mainly reasons e, and f above) e.g., Education Health & Care Plans (EHCP), records of medicines administration.
- to improve public health e.g., report notifiable diseases to local and national government departments;
- to make or defend legal claims e.g., some special educational needs and all accident records including where necessary, providing accident/ill-health data to the Health and Safety Executive (HSE).
- having consent e.g., to use biometric data to access the building.

Collecting pupil data

We collect relevant pupil information via registration forms at the start of each academic year or a secure file sent to us when a child joins us from another school.

Most of the pupil information we ask for is required by law or necessary so we can provide a good education and some of it is voluntary. To comply with UK GDPR, if you have a choice about providing information, we will tell you when we ask for it. We will also tell you what to do if you do not want to share this information with us.

Storing pupil data

We hold pupil data securely in line with the Information and Records Management Society (IRMS) Records Management Toolkit for Schools. This personal data is retained for different periods of time depending on what the data is, for example a trip consent form is kept for a set number of days after a successful trip, but an accident report form will stay on file for a set number of years after a pupil has left us. For more information about how long we keep some information for and why (data retention), and how we keep the data safe, please see our Records Management policy (KSMAT/STAT/020)

Who we share pupil information with and why

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so. The laws listed in this notice that require us to collect information also require us to share it. Data is transferred securely by hand delivery or registered post, via a government data transfer system like School to School, via a contractor's secure data sharing system like our online school trips safety system, and sometimes in other secure ways.

We routinely share pupil information with:

- Other parts of our MAT to monitor the quality of our provision, benchmark locally, and to make decisions about local policy, practice, and funding.
- Schools and other education providers pupils go to after leaving us to support their continuing education.
- Child development and protection partners like our local Authority Children's Services, Public Health, Inclusion & Social Care etc. to check attendance, monitor, and protect children; the NHS for medical referrals & support; private companies offering counselling and other family or support services.
- The DfE to help decide our school funding, monitor attainment & benchmark it nationally, compile league tables, develop national education policy and monitor it.
- Our Local Authority to ensure they can conduct their statutory duties such as under the [Schools Admission Code](#), including conducting Fair Access Panels, and careers guidance legislation.
- Medical services like therapists, the school nurse, or the NHS for things like screening, vaccinations, health/ eye/ dental checks, Education Health, and Care Plan (EHCP) provision etc. and UK Health Security Agency about certain contagious infections our pupils come into contact with.
- Government departments like UK Health Security Agency, local authority public health, and HSE to comply with the law and support public health action;
- Voluntary and charitable organisations (with your permission only), such as Barnardo's, our local Foodbank and similar organisations who can offer families practical help and support.

Sharing with Youth Support Services

Pupils aged 13 +

Once our pupils reach the age of 13, we pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section [507B of the Education Act 1996](#). This enables them to provide youth support services and careers advisers.

The information shared is limited to the child's name, address, and date of birth and the name and address of a parent or guardian. Consent to share this data is not required from a parent or guardian, but we do need parental consent to share any other information relevant to the provision of youth support services. Data is securely transferred to the youth support service via either telephone or encrypted emails and is stored within school digitally (the data is stored in either our MIS System or on spreadsheets which are stored in a secure area on the school network) and held by Inspira until the student reaches their 19th (or 24th if SEND) birthday.

Pupils aged 16+

We will also share certain information about pupils aged 16+ with our local authority and / or provider of youth support services because they also have responsibilities in relation to the education or training of 13–19-year-olds under the same section 507B of the Education Act 1996. This enables them to provide services as follows:

- post-16 education and training providers
- youth support services
- careers advisers

The information shared is limited to the pupil's name, address, and date of birth and the name and address of a parent or guardian. Consent to share this data is not required from a parent or guardian, but we do need a pupil's consent to share any other information about them that is relevant to the provision of youth support services. Data is securely transferred to the youth support service via either telephone or encrypted emails and is stored within school digitally (the data is stored in either our MIS System or on spreadsheets which are store in a secure area on the school network.) and held by Inspira until the student reaches their 19th (or 24th if SEND) birthday.

For more information about services for young people, please visit the local authority website.

Sharing with the Department for Education (DfE)

We are required to share information about our pupils with the DfE directly or via our local authority for the purpose of statutory data collections, under the following legislation:

- section 29(3) and section 537A of the [Education Act 1996](#);
- the [Education \(School Performance Information\)\(England\) Regulations 2007](#);
- regulations 5 and 8 of the [School Information \(England\) Regulations 2008](#);

- for census purposes under regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013.

All data is transferred securely and held by DfE under a combination of software and hardware controls, which meet the current [government security policy framework](#). For more information, please see the section on 'How Government uses your data' section.

How Government uses your data

The pupil data that we lawfully share with the DfE through data collections:

- underpins school funding, which is calculated based upon the numbers of children and their characteristics in each school.

- informs ‘short term’ education policy monitoring and school accountability and intervention (for example, school GCSE results or Pupil Progress measures).
- supports ‘longer term’ research and monitoring of educational policy (for example how certain subject choices go on to affect education or earnings beyond school)

Data collection requirements

To find out more about the data collection requirements placed on us by the DfE (for example; via the school census) go to www.gov.uk/education/data-collection-and-censuses-for-schools.

The National Pupil Database (NPD)

The NPD is owned and managed by the DfE and contains information about pupils in schools in England. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

The data in the NPD is provided as part of the operation of the education system and is used for research and statistical purposes to improve, and promote, the education and well-being of children in England. The evidence and data provide DfE, education providers, Parliament and the wider public with a clear picture of how the education and children’s services sectors are working in order to better target, and evaluate, policy interventions.

To find out more about the NPD, go to www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information.

Sharing by the DfE

The law allows the DfE to share pupils’ personal data with certain third parties, including:

- schools and local authorities
- researchers
- organisations connected with promoting the education or wellbeing of children in England
- other government departments and agencies
- organisations fighting or identifying crime

For more information about the DfE’s NPD data sharing process, please visit: www.gov.uk/data-protection-how-we-collect-and-share-research-data

Organisations fighting or identifying crime may use their legal powers to contact DfE to request access to individual level information relevant to detecting that crime. Whilst numbers fluctuate slightly over time, DfE typically supplies data on around 600 pupils per year to the Home Office and roughly 1 per year to the Police.

For information about which organisations the DfE has provided pupil information, (and for which project) or to access a monthly breakdown of data share volumes with Home Office and the Police please visit the following website: <https://www.gov.uk/government/publications/dfe-external-data-shares>
