

Engineering Taster Programme

Summer 2023

Workington, Carlisle & Ulverston

Welcome to the Gen2 Engineering Taster Programme

This summer we are launching our new two-week Engineering Taster Programme.

The Gen2 Engineering Taster Programme has been specifically designed to provide people (16+ years old) with the opportunity to learn more about engineering, the engineering pathways available and gain basic practical engineering experience.

In addition to the practical work, students will also complete an IOSH Working Safely course, valued by employers.

This course is free of charge to attend and will provide those attending with a fantastic introduction into the world of engineering.

Duration:

The course will take place 3 days per week over 2 weeks as follows:

Week One: 1st, 2nd and 3rd August

Week Two: 8th, 9th and 10th August

Programme Content:

The programme for each centre will include:

Carlisle Centre

- An induction and issuing of Personal Protective Equipment (PPE)
- Bench fitting and using hand tools
- IOSH Working Safely Course
- Fabrication Skills
- Welding Skills

Workington Centre

- An induction and issuing of Personal Protective Equipment (PPE)
