

Careers@Keswick: Thursday 1st July 2021

Another fine day and only 2 weeks to go. Whoop! Whoop!

This is the smallest careers bulletin thus far, but nevertheless, important. I would say that though, wouldn't it?

Don't forget to head over to the school website for further information:

<https://www.keswick.cumbria.sch.uk/curriculum/careers-and-work-experience>

All the past Careers Bulletins are there, as well as a special Parents section. If you feel it is missing anything, pop me an email and I will get onto it.

I can be contacted on melanieavery@keswick.cumbria.sch.uk if you have any further questions.

Virtual Health Careers Conference (Years 10 – 13)

Saturday July 10th 9am – 6pm

A free virtual Health Careers conference.

Please see the attached poster. Students have been told about, and emailed this opportunity.

Energus (Years 10- 13)

Energus are excited to launch their 2021 CyberFirst course dates for face-to-face learning.

CyberFirst Defenders 2nd – 6th August 2021 (Year 10 – 11)

CyberFirst Futures 9th– 13th August 2021 (Year 11 – GCSE)

CyberFirst Advanced 16th – 20th August 2021 (Year 12 – A/AS Level)

CyberFirst is a pivotal part of the UK government's National Cyber Security Programme developed by NCSC (National Cyber Security Centre) a part of GCHQ. It covers a broad range of activities; a comprehensive bursary scheme, girls-only competitions and development courses at UK universities and colleges. Each activity is designed to give talented young people the support, skills, experience and exposure they need to become Cyberists of the future.

Who are the CYBERISTS?

Cyberists are intrigued by unexplored technology, dedicated to fulfilling a bigger role in society. Keen to protect friends, families, communities and commerce. Determined to make an impact. Eager to learn and never let up.

They are our new generation of cyber security experts. As technology enhances more and more of our daily life, Cyberists will be the ones who will safeguard it from all manner of threats. Cyber security roles are constantly evolving, consistently challenging and crammed with potential. They could be anybody – and they could come from anywhere. To help find them, support them and train them, the NCSC (National Cyber Security Centre) has created CyberFirst.

Head to this link for a look: <https://www.energus.co.uk/skills-training/cyberfirst/>
