

Careers@Keswick: Thursday May 6th 2021

Another great thing about bank holidays is that the end of the week arrives sooner than expected. 😊

This may well be the shortest careers bulletin this year, but it is still jam-packed with lots of varied careers and work experience opportunities. Take a look!

Don't forget to head over to the school website for further information:

<https://www.keswick.cumbria.sch.uk/curriculum/careers-and-work-experience>

All the past Careers Bulletins are there, as well as a special Parents section. If you feel it is missing anything, pop me an email and I will get onto it.

I can be contacted on melanieavery@keswick.cumbria.sch.uk if you have any further questions.

Signal Film and Media (Years 7 – 13)

Students have been emailed information about the latest offerings from Signal Film and Media, including their:

- Signal Youth Collective
- Half-term animation workshops
- West Coast Photo Festival
- Barrow Blitz exhibition and more...

Go to <https://signalfilmmedia.com/> to find out more.

SKY Apprenticeship Opportunities (Years 11 – 13)

Students have been emailed information about Customer Service and Engineering apprenticeships available in locations throughout England and Scotland.

Myerscough College Penrith Agricultural Offer News (Year 11 and Parents)

Myerscough College are running an Online Zoom Evening on **Tuesday 11th May from 6.45pm-8.00pm**. This is especially for pupils interested in courses that they are running in partnership with Ullswater Community College.

Pupils and parents will have the chance to ask questions and find out more information about the **Agriculture, Animal Studies** and **Arboriculture** courses on offer.

They are also running a Virtual Course General Advice Evening on **Tuesday 25th May between 6.30pm and 8pm**

For more information and links to both of these, you can visit <https://www.myerscough.ac.uk/cumbria>

AI in Engineering Webinar (Years 10 – 13)

Artificial intelligence is the future. Over the past few decades, AI has progressed at ground-breaking speed, creating new opportunities in a number of industries. From saving lives through surgery to advancing tech through robotic automation, it is now present in most of the innovative tech projects around the globe. Skills Gap running an AI in Engineering Workshop specifically designed for motivated students interested in a career in engineering. The workshop is 3.5 hours and will take place online, led by an industry expert. The session digs deep into how AI works, how it applies to the engineering industry and the different paths students can take as an engineer. During the workshop, students will have the opportunity to get hands-on in a practical exercise training a machine learning algorithm, and put questions to experts to gain exclusive industry insights. There is a cost for this event.

For further information and to register to attend the event, please visit www.skillsgap.tech

Level 2 and 3 Apprenticeships (Years 10 – 11 and Parents)

Rate My Apprenticeship are hosting 'A Spotlight on Level 2 & 3 Apprenticeships' webinar on **26th May 2:00 - 2:45pm**. This is a great opportunity to inspire Year 10 & 11 students to take the first steps in their career. The webinar will walk students through how to apply for apprenticeships, which employers they can work for and will also include a panel session from real-life level 2 & 3 apprentices!

Free Interview Preparation Webinar (Years 11 – 13)

Monday 10th May 7 – 8pm

<https://www.eventbrite.com/e/how-to-absolutely-smash-your-interview-and-get-your-great-first-job-tickets-153134307837?aff=SCH>

Dale Willis has spent 30 years helping young people get the job they really want. Remember...it's not the candidate with the best qualifications who is successful....it's the candidate who interviewed the best.

He has been there on countless times when a fantastic, but unprepared candidate has lost out at interview, to someone who had much less experience, far fewer qualifications...but who absolutely SMASHED the interview!

....and now students can get that information to make sure they SMASH it too!

He will be covering:

- All the stuff students need to do beforehand - prepare like an absolute LEGEND!
- What questions to ask???and how to make sure students ask them.
- How students can SELL their skills from their Saturday job.....and when to do it.
- Why hobbies/interests/downtime stuff are SUPER-IMPORTANT
- What to take to the interview and how to use it.
- How to finish the interview...and what to do when students get home.

Students can post questions during the broadcast and they will be answered live...and if students want a bit more information they can message afterwards.

Communication Support Surgeries (Years 10 – 13)

Communicating Confidently

Wednesday 12th May, 1pm or 4pm

Link to Register: <https://www.hellofuture.ac.uk/events/communicating-confidently-support-surgery-with-hello-future/>

As part of May's Project: Next Gen theme, *Skills & Qualities for Effective Employment*, Hello Future has partnered with Carlisle College to deliver Communication Support Surgeries for young people in our area. The session will cover how to best present and communicate within an organisational setting, how to adapt to different workplace scenarios, and how to adopt active listening.

This is a great opportunity for students to harness new skills which will help them in the world of work, either within an Apprenticeship or beyond.

As a live event on Zoom registration is essential. Students can sign up now at the link above.

For more information, please don't hesitate to contact the Apprenticeship Team.
