

Level 3
OCR Cambridge
Technical Extended
Certificate

PERFORMING ARTS

SPECIFIC ENTRY
REQUIREMENTS

General entry requirement for advanced level applies to this subject. Previous study of drama or performing arts is valuable but not essential.

COURSE CONTENT

The Level 3 Cambridge Technical Extended Certificate in Performing Arts is a high quality vocational course, designed to offer students an insight into the performing arts industry. Students will study five modules in total, ranging from pitching and presenting a production, through to looking at contemporary practitioners and real-world issues within the industry. They will also create and perform their own work before an audience. The Extended Certificate is equivalent to one A-Level.

EXAMINATIONS AND
ASSESSMENTS

Students are assessed through a variety of practical and written coursework, controlled assessments and performances throughout the course.

SKILLS, LINKS AND
PROGRESSION

Although the course is aimed at a career in the performing arts industry, all the skills learned are transferable to many other options.

This course will help improve students' social and communication skills through the style and methods of study. The presentations and performances in which they are assessed will also build confidence and self-esteem.
