Computing

Enrichment and Extra-curricular Opportunities

Students in Key Stage 3 and in Year 10 have the opportunity to take part in our successful Lego League Team, which combines Mechanical Robot Design, Programming to solve problems and developing a solution to a real world problem.

In order to be successful, a Lego League Team needs a wide range of talents beyond those who are interested in Lego/Robots/Programming, particularly those who can present and communicate ideas.

For more information https://www.firstinspires.org/robotics/fll

This year we plan to enter the BAFTA Young Game Designers competition, which will suit iMedia students and Key Stage 3 students who are interested in gaming. For more information see: http://ygd.bafta.org/
