

Post-Results Services Request and Candidate Consent Form

Information regarding fees and deadlines can be found on the information sheet available from the Exams Officer

The following information explains what may happen following an enquiry about a result and any subsequent appeal.

If the school makes an enquiry about the result, (review of the original marking) and a subsequent appeal, for one of your examinations after your subject grade has been issued, there are three possible outcomes:

1. Your original mark is lowered, so your final grade may be lower than the original grade you received.
2. Your original mark is confirmed as correct, so there is no change to your grade.
3. Your original mark is raised, so your final grade may be higher than the original grade you received.

To proceed with any post-results service request, **the student** must complete and sign this form. This confirms that you have understood what the outcome of an enquiry might be and that you give your consent for the service requested. The completed form and payment should be given to the Exams Officer by the appropriate deadline. Any consent forms that are emailed to the exams officer should be sent by the student from their school email address.

			Total cost	£

I give my consent for Keswick School to make an enquiry about the result of the examination(s) listed above. In giving consent I understand that the final subject grade awarded to me following an enquiry about the result and any subsequent appeal may be lower than, higher than, or the same as the grade which was originally awarded for this subject.

ATS Candidate consent statement and signature

I consent to my scripts being accessed by my centre.

Tick ONE of the permission statements

- ☐ If any of my scripts are used in the classroom I do not wish anyone to know they are mine. My name and candidate number must be removed.
- ☐ If any of my scripts are used in the classroom I have no objection to other people knowing they are mine.

By signing here, I confirm my consent/permission above:
