I am a person centred counsellor and work at the University of Cumbria. I support students using a range of therapeutic interventions to help them cope when experiencing mental health difficulties.</p>
<p><b>Dr Jan Boniface</b> Governor and Director</p>	<p>I have lived in Keswick since 1997 and have operated a tourism related business since then. Both of our children attended Keswick School and I have been a Governor for 17 years. My own background is in scientific research and telecommunications. My particular interests within school are around maintaining the breadth of curriculum, sciences and the sixth form including career opportunities for students.</p>
<p><b>Mrs Hannah Bradshaw</b> Parent Governor</p>	<p>I am an ex-student of Keswick School and a parent of two children who currently attend the school. I am a social worker and currently work part-time to support foster carers across Cumberland but have previously been employed in various non-teaching roles in schools helping children to overcome barriers to learning.</p> <p>I am passionate about inclusion and would like to use my role as parent-governor to ensure that Keswick School continues to offer a holistic education to all children where any and all forms of success can be celebrated.</p>
<p><b>Mr Mike Cosh</b> Staff Governor</p>	<p>I have been a maths teacher at Keswick School for 3 years and have recently been appointed as a Staff Governor.</p>
<p><b>Mr Duncan Drury</b> Governor</p>	<p>I grew up in North East Cumbria, and returned with my family in 2020. Our two sons attend Keswick School. I was Vice Chair of Governors at my sons' primary school in London where we experienced the challenges of recruiting a new headteacher, an OFSTED inspection and delivering education during the COVID-19 pandemic.</p> <p>I studied anthropology at university and have since worked in technology strategy and support in education, health care and international development organisations.</p> <p>As a Governor I want to help Keswick school be the best it can be, giving its students the best opportunities in and beyond education.</p>

<b>Mr Andrew Stephenson</b> Governor	A born and bred Keswickian, attending the school during the 1980's and a parent of three children. <b>Mr Julian Titheridge</b> Governor	Having left the corporate melee for a more peaceful life in Cumbria, I now spend my time looking after my family (which includes my wife and 2 boys at Keswick School), converting our barns into holiday accommodation near Penrith, and hiking and exploring in the National Park and local areas. I was born and raised Yorkshire with strong family and community values, so giving time to help others is something I enjoy, and partly why I became a Governor. My corporate background has given me lots of experience in business operations, staffing and HR, vendor management, finance, strategy, and project management - which are all skills I'm looking forward to using for the school's benefit. I am keen to bring the views of the parents and students to the meetings, so welcome any conversations to help with ideas, concerns, feedback or praise.
